

**TOTAL PLAYER SPORTS**

## **Summer Soccer Clinics!**

*Micro, Beginners, Intermediates Goal Keeping, Scoring, and Team Camps!*

### Mission Statement

To provide the best value in soccer instruction by teaching age appropriate skill sets and techniques that are proven to develop and motivate players to excel on and off the field.

### TPS Coaching Staff:

**Mike Osborn** – Cofounder of Total Player Sports, Managing Partner of the Wenatchee Valley Sportsplex, General Manager of the PASL - Wenatchee Fire & Wenatchee Fire semi-pro indoor soccer team, and Director of Coaching for WYSA PDP for U10-U11. Mike has extensive high level playing and coaching experience and holds a National “Y” License. He is a WSYSA Staff Instructor who teaches coaching certification clinics all over Washington State. Mike does year round private, semi-private and team instruction and currently coaches and trains the U17 Boys Wenatchee Fire Premier team.

**Cristian Barboza** – Player Coach of the Wenatchee Fire semi-pro indoor soccer team, Coaching Director and primary instructor for Soccer Tots, a movement education program for kids 18 months to 8 year olds that utilizes fundamental soccer skills and techniques to facilitate cognitive, psycho-social and motor skill development. Cristian is a JV Coach for Eastmont High School and has extensive high level playing experience.

**Supplemental Staff** – Comprised of top level College, High School and Premier players from North Central Washington.

### Our Goal

To be a significant asset to the families and players we serve by developing athletes who excel on the field of play and young leaders who will positively impact their peers and communities with integrity, faith, respect and compassion.

### Clinic Descriptions

**Micro Clinic** – (Ages 5-7) This is an introductory clinic that utilizes a variety of games and exercises to help the player begin to dribble, pass, receive and shoot with the right form.

**Beginners Clinic** – (Ages 8-10) This clinic emphasizes basic “touch” development by introducing the player to a variety of skill exercises that can be practiced individually in a very small amount of space. Players will be instructed on how to feint while dribbling, receive the ball in a variety of different ways, juggle and strike the ball with accuracy and power. Instructor facilitated small-sided games are an integral part of each days instruction to introduce the tactical elements of playing in proper shape, communicating intelligently and keeping possession of the ball.

**Intermediate Clinic** – (Ages 11-14) This clinic is for the player who is well on their way to mastery of the fundamentals. More advanced techniques for “touch development are introduced that will dramatically impact the players ability to perform with confidence under pressure. Players will be introduced to several dribbling moves used by world class professionals. They will be shown how to properly chip, flick, serve and bend a ball. Learning how to move without the ball, changing the point of attack, maintaining proper offensive and defensive shape, communicating intelligently and maintaining ball possession are integral tactical elements that are relentlessly reinforced. Fitness, nutrition and psychological elements are introduced to help players understand what it takes to compete at higher levels of competition.
